

Sri Hira, who is a devotee of Bhagavan and was associated for a long time in the activities of Sri Sathya Sai Seva Organisations in Japan has sent the following information to us.

“A.P. C.M. Sri N. Chandrababu Naidu’s visit to Tokyo, during the last week of November 2014, was most successful. After the public meeting, I invited him for private dinner and introduced senior Japanese Vedam teachers, Sai translators and Sai teachers. I showed him 140 Japanese language books and publications on Sai, as well briefed him on all Japan Seva work.

He was overwhelmed at Bhagwan’s grace and out of the blue, announced later in public, that he will put Puttaparthi on priority development for pilgrims. He lit the lamps at Bhagwan’s altar before dinner and himself introduced Baba to Japanese dignitaries.

PM Abe, who due to elections and restrictive protocol of CM to PM could not meet him, finally met CM on the last day in answer to prayers to Baba.

CM was thrilled and inspired at Japanese PM’s humility and high regard for Sai.”
